Dear Sir/ Madam,

Greetings from Tally Education Pvt. Ltd, a group company of Tally Solutions Pvt. Ltd.

In a world where technology is ever present, it is imperative to evolve and transform with needs of the contemporary era. Knowledge of computerized accounting is an essential skill for commerce and management students. Even for non-commerce students, a basic knowledge of computerized accounting on Tally with GST increases their employability.

Details of the same are included in the attached brochure.

We would be happy to support your endeavour to make these certifications available to all students of your college. The college may also engage the services of our wide network of empanelled centres on a commercial basis to facilitate training. Many institutions have also integrated the content and relevant certifications as subjects under CBCS with credits towards the student's degree, giving their students an opportunity to learn and get certified as part of the curriculum.

To ensure that students learn and practice on the latest version of the legal software, Tally Education also offers a complimentary multi-user subscription license to a networked college lab (on a LAN with internet connectivity) where Tally certifications are offered.

Respected Sir,

"IBS Hyderabad" has been featuring among the Top 20 Business schools in the country as per the various B-Schools surveys by leading magazines over the years.

IBS Business School offers high-quality learning experience that is designed to develop managers who can meet the challenges of the world of business with competence and confidence, in different areas of management to a wide cross-section of students, executives and professionals across India. IBS case studies have won international prizes and are being used by a large number of business schools, universities and companies across the world.

What after Graduation:

Completion of graduation is the turning point in one life. A general graduate (Arts/Sciences/Commerce) has a lot of options and opportunities. One can easily move ahead ensuring itself a bright career. Because the professional life of an individual is based upon what he/she chooses for him/her? Yes everyone chooses a profession according to the taste and ability of itself. And it is right to much extent. You should go for what you were supposed to and aimed at. Most of the graduates decide after graduation what they have to do.

We would like to conduct a Seminar on "PATHWAY FROM COLLEGE TO CORPORATE" which will cover:

- Over view of Indian Economy.
- What professional course a student can opt after graduation?
- Job opportunities in Government / Private Sector.
- Scope in Corporate Sector.

We can have this presentation on any of the dates suitable to the college and when we can have the maximum strength of the students. Looking forward for positive response from your side.

Language Lab: A Report

The significance of the language laboratory has been much felt in the domain of communication. We live in a multilingual and multicultural world, which is being shrunk to the size of a village by the advancement of science and technology. The language laboratory exists to help one to use technology effectively to communicate. The purpose of a language lab is to involve students to actively participate in language learning exercises and get more practice than otherwise possible in a traditional classroom environment. In all standards, English texts are replete with phonetic sound system but their actualization goes missing in our richly huge and heterogeneous classes. To solve this problem a Language Lab in an institution is of utmost importance. In a language lab students cannot only practice to articulate sounds correctly but also learn other uses of a language. It is a tool designed for teaching any language and it helps one to learn pronunciation, accent, stress and all other aspects of the phonetics of a language.

SV Govt. College Ghumarwin established a Language Lab in September 2016. It was installed with WORDS WORTH /WWS Language /Multilingual Software for 20 users with a cost of Rs. 3,43,153/- (Three Lac forty three thousand one hundred fifty three).

Students Enrollment:

Sr. No	Year/Academic Session	No. of Students
1	2016-17	71
2	2017-18	98
3	2018-19	101

Conclusion

The language laboratory is a very helpful tool for practicing and assessing one's speech in any language. It provides a facility which allows the student to listen to standard pronunciation, repeat and record the same, listen to their performance and do self-assessment. Since the language laboratory gives every learner of any language freedom to learn at their own pace, it is flexible and does not necessarily require a teacher all the time.

There are many activities which are done to engage the girls in extracurricular activities. The details of each event have been given below.

EVENTS HELD DURING SESSION 2018-19

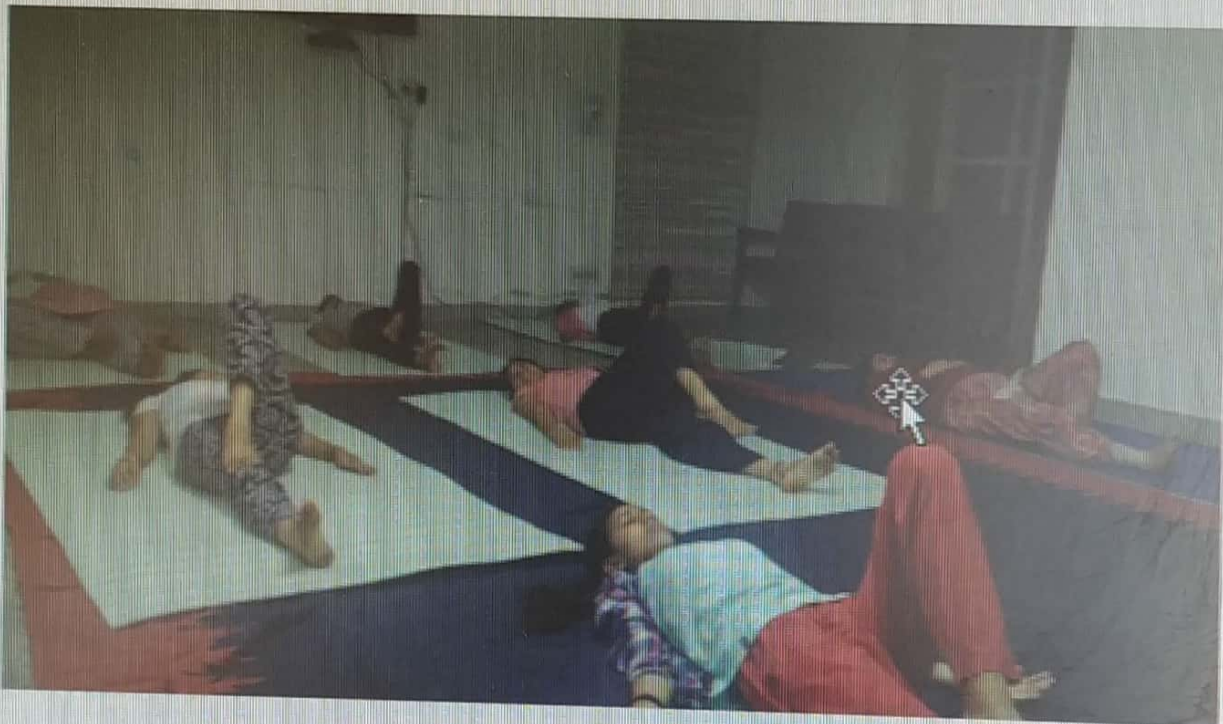

21 JUNE, 2018 : International Yoga Day

On the occasion of International Yoga Day, vogasanas and pranavam were performed by the hostel girls in the presence of Prof. Jagvir Singh Chandel and hostel warden Reeta Kumari. Prof. Jagvir Singh Chandel told the girls the benefits of doing yoga early in the morning.

Yoga Practice

Yoga is premium way of living a healthy and peaceful life. It is useful to students as in their age, they are so impatient because they come across several hormonal changes and want to do whatever they wish irrespective of thinking its consequences. Yoga is the only way which helps us in overcoming our emotions, strengthening ourselves and keeping us physically and mentally healthy. For the students who have to do mental exercise, yoga is best practice to maintain the balance between the body and mind, increasing concentration and enhancing their moral character. Yoga is also a part of our education system, although it is not mandatory in higher education but we take initiative to teach yoga and practice yoga exercises to girls. With this idea, yoga practice was started by warden Ms. Reeta in Girls hostel of SVGC, Ghumarwin in the year 2017-18.

Objective: To motivate the girls to make it their habit to do yoga for their well being.

Yoga Centre

Continuing the process of practicing yoga, it was decided to open the yoga centre in the college so that other students could be involved. Miss Reeta Kumari, who has practical knowledge about Yoga Asana, Pranayam and Sadhan was given the charge of yoga instructor. The worthy principal of the college, Dr. Vasundhara Rajan Bhardwaj happily started to teach Geeta Updesh.

Execution of Yoga centre

To run the centre smoothly, a proper schedule for doing yoga exercises, swadhyay and pranayam was prepared. The girls practice yoga in shifts, their shifts were allotted floor wise and room no wise as there were some girls who couldn't come in the morning and some who wish to do in morning so the schedule was prepared according to their convenience. Raji yog and hathyog both were included in training and along with them, reading good religious scriptures, yoga material reading was also motivated.
