The eSalary Version 1.0 is an improvement over the standard DDO Based payroll software Version 6.0 as it covers On-line updation/verification of paybills by the respective DDOs from their location, expenditure control. Salary Cheques will also be generated through system. The main objective of centralized software is to better manage and forecast the expenditure under the Salary head for all department. By creating an Integrated Pay & Account Cell in the specific treasuries, the paybills for all departments will be generated centrally. This also reduce paper work and movement of these bills and officials.

Welcome Dr AMIT KUMAR [IP48-13166]
