Annexure- C-1(1.1.1)

The faculty is using conventional methods i.e. lecture method and this lecture method is being supplemented by using ICT i.e. interactive panel, projector and e-recourses available in the college e-library.

Traditional Method of Teaching

Annexure C-1(1.1.2)

Blended Teaching

Blended teaching is a teaching method that combines online learning with in-person classroom instruction. It can include a variety of learning experiences, pedagogic strategies, and technology tools. At present eight (14) smart class rooms, conference hall (01) and 228 computers are being used for the said purpose.
