A parent teacher meeting has been organized for the level-5 students of B.Voc Retail management on 13th May 2025.

The purpose of organizing this meeting was to make the students aware about the benefits of On-Job-Training (Internship) to enhance their practical skills so that better employment opportunities can be obtained in the corporate sector. Apart from this, the guidelines that the students have to follow during the On-Job-Training were also discussed.

As we know that parents are the key factor in teaching discipline and ethics to their children, so holding a meeting with parents is necessary not only to give permission to their children but also to cooperate with the organization that is giving this opportunity to the students.

Career counseling becomes effective and efficient in presence of parents to get positive results.
