

## **Annexure C-5(5.2.1)** **USE OF SOLAR ENERGY**

**A Solar panel (off-grid) has been installed in the campus with capacity of 15 KW. which is being used as a renewable source of energy to generate power.**

- Date of Installation of Solar Plant: 07-09-2016

The solar power plant is providing uninterrupted power supply for the institution. During the time bound process of admission, examination for filling and examination process the energy received from the plant helps for the completion of above processes within the given time framework. This plant also caters the power requirements during different co-curricular activities like inter college events, cultural activities, different day celebrations, and Annual Prize distribution functions of the college.
